

1<sup>ST</sup> ANNOUNCEMENT

International Workshop  
on  
**PROSTATE mpMRI READING**  
&  
**MRI-guided BIOPSIES**

6<sup>th</sup> & 7<sup>th</sup> July 2015  
Cambridge, United Kingdom

INTENDED FOR  
Radiologists and Urologists

ORGANISED BY  
University Department of Radiology - Cambridge  
Department of Radiology, German Cancer Research Centre DKFZ - Heidelberg,  
Urology Departments - Heidelberg & Cambridge

USING  
DKFZ Heidelberg Course package

Cambridge University Hospitals  
NHS Foundation Trust

Heidelberg University Hospital

GERMAN  
CANCER RESEARCH CENTER  
IN THE HELMHOLTZ ASSOCIATION

## OVERVIEW

Modern methods for prostate cancer detection yield significantly higher detection rates than conventional methods. The NICE guidance for Prostate Cancer will ask to implement the use of mpMRI for lesion detection at several points of the diagnostic pathway. Radiologists and Urologists need to be aware of the implications for their practice.

The DKFZ Heidelberg course package has been developed by Professor Schlemmer and Matthias Roethke and has been used successfully for numerous courses in Europe, Asia and in 2013 and 2014 in Cambridge with unanimous applause.

This international multidisciplinary workshop is intended for Radiologists and Urologists with a keen interest in high-level prostate cancer detection methods. They will acquire advanced knowledge and practical skills to detect potentially malignant prostate lesions in multiparametric MR image sets according to the ESUR guidelines.

There is also an opportunity to learn about advanced targeted and image-guided biopsy techniques, including MRI-TRUS fusion. The interdisciplinary aspects are addressed in talks by invited speakers and discussions.

## COURSE & WORKSHOP FORMAT

Validated course package of DKFZ Heidelberg on Siemens workstations  
Lectures, practical cases and discussion  
EU-ACME points are being applied for (13 RCR CME awarded to our 2014 course)

## INFORMATION & REGISTRATION

Stephanie Taylor – Cambridge University Hospitals, UK  
[stephanie.taylor@addenbrookes.nhs.uk](mailto:stephanie.taylor@addenbrookes.nhs.uk)

## COURSE FEE

Active participants (hands-on using workstations) : £ 500 / € 600  
Trainees : Applications for discounts will be considered on an individual basis

**We kindly ask you to register for this workshop by May 1, 2015**
